

ENVIRONMENTAL POLICY STATEMENT

Omega Red Group Ltd designs, supplies, installs and maintains lightning protection, electrical earthing and fall protection systems. The Company operates from five regional offices nationwide, providing contractor services for a variety of infrastructures including Rail, Electrical Utilities and construction projects.

The Senior Management Team will consider the potential impacts of any long term business plans on the environment, and is committed to continually reducing the environmental impacts of its current activities and services through the implementation of environmental management systems.

In particular, the Company will:

- commit to comply with all legal requirements and with other requirements to the which the organisation subscribes which relates to its environmental aspects;
- commit to continual improvement and prevention of pollution;
- provide a framework for setting and reviewing environmental objectives and targets;
- document, implement and maintain the environmental management system;
- communicate this Policy to all persons working for or on behalf of the organisation, and;
- make the Policy available to the public.

Senior management will review this Policy at least annually to ensure its continuing suitability and effectiveness. They will also ensure that adequate resources are made available to meet the Policy commitments.

This Policy will be formally reviewed as necessary to take account of significant changes in practices or work scope, or changes in environmental Legislation appropriate to the Company's activities.

N. Shailer
Managing Director
